Work

Attached are the original architect drawings for the kitchen/bath and the engineering plans I had made after the first contractor went under. The

engineering plans I had made after the first contractor went under. The first contractor (Majestic) started the project in 2017 and filed bankruptcy later that year. The contractor never filed the correct permits. I had an engineer and other contractors come assess and close out the unfinished work but want to clean up the permitting. Let me know what else you need. I have a lot of pictures of the build at various stages as well. You can see there were some aesthetic changes from the original architect

drawings, specifically with regard to the bathroom closet size and the sink

location.

The first contractor (Majestic) started the project in 2017 and filed bankruptcy later that year. The contractor never filed the correct permits. I had an engineer and other contractors come assess and close out the unfinished work but want to clean up the permitting. Let me know what else you need. I have a lot of pictures of the build at various stages as well.
